# NATURAL TRANQUILLITY

---

Spa bliss with the soothing  
sountrack of nature

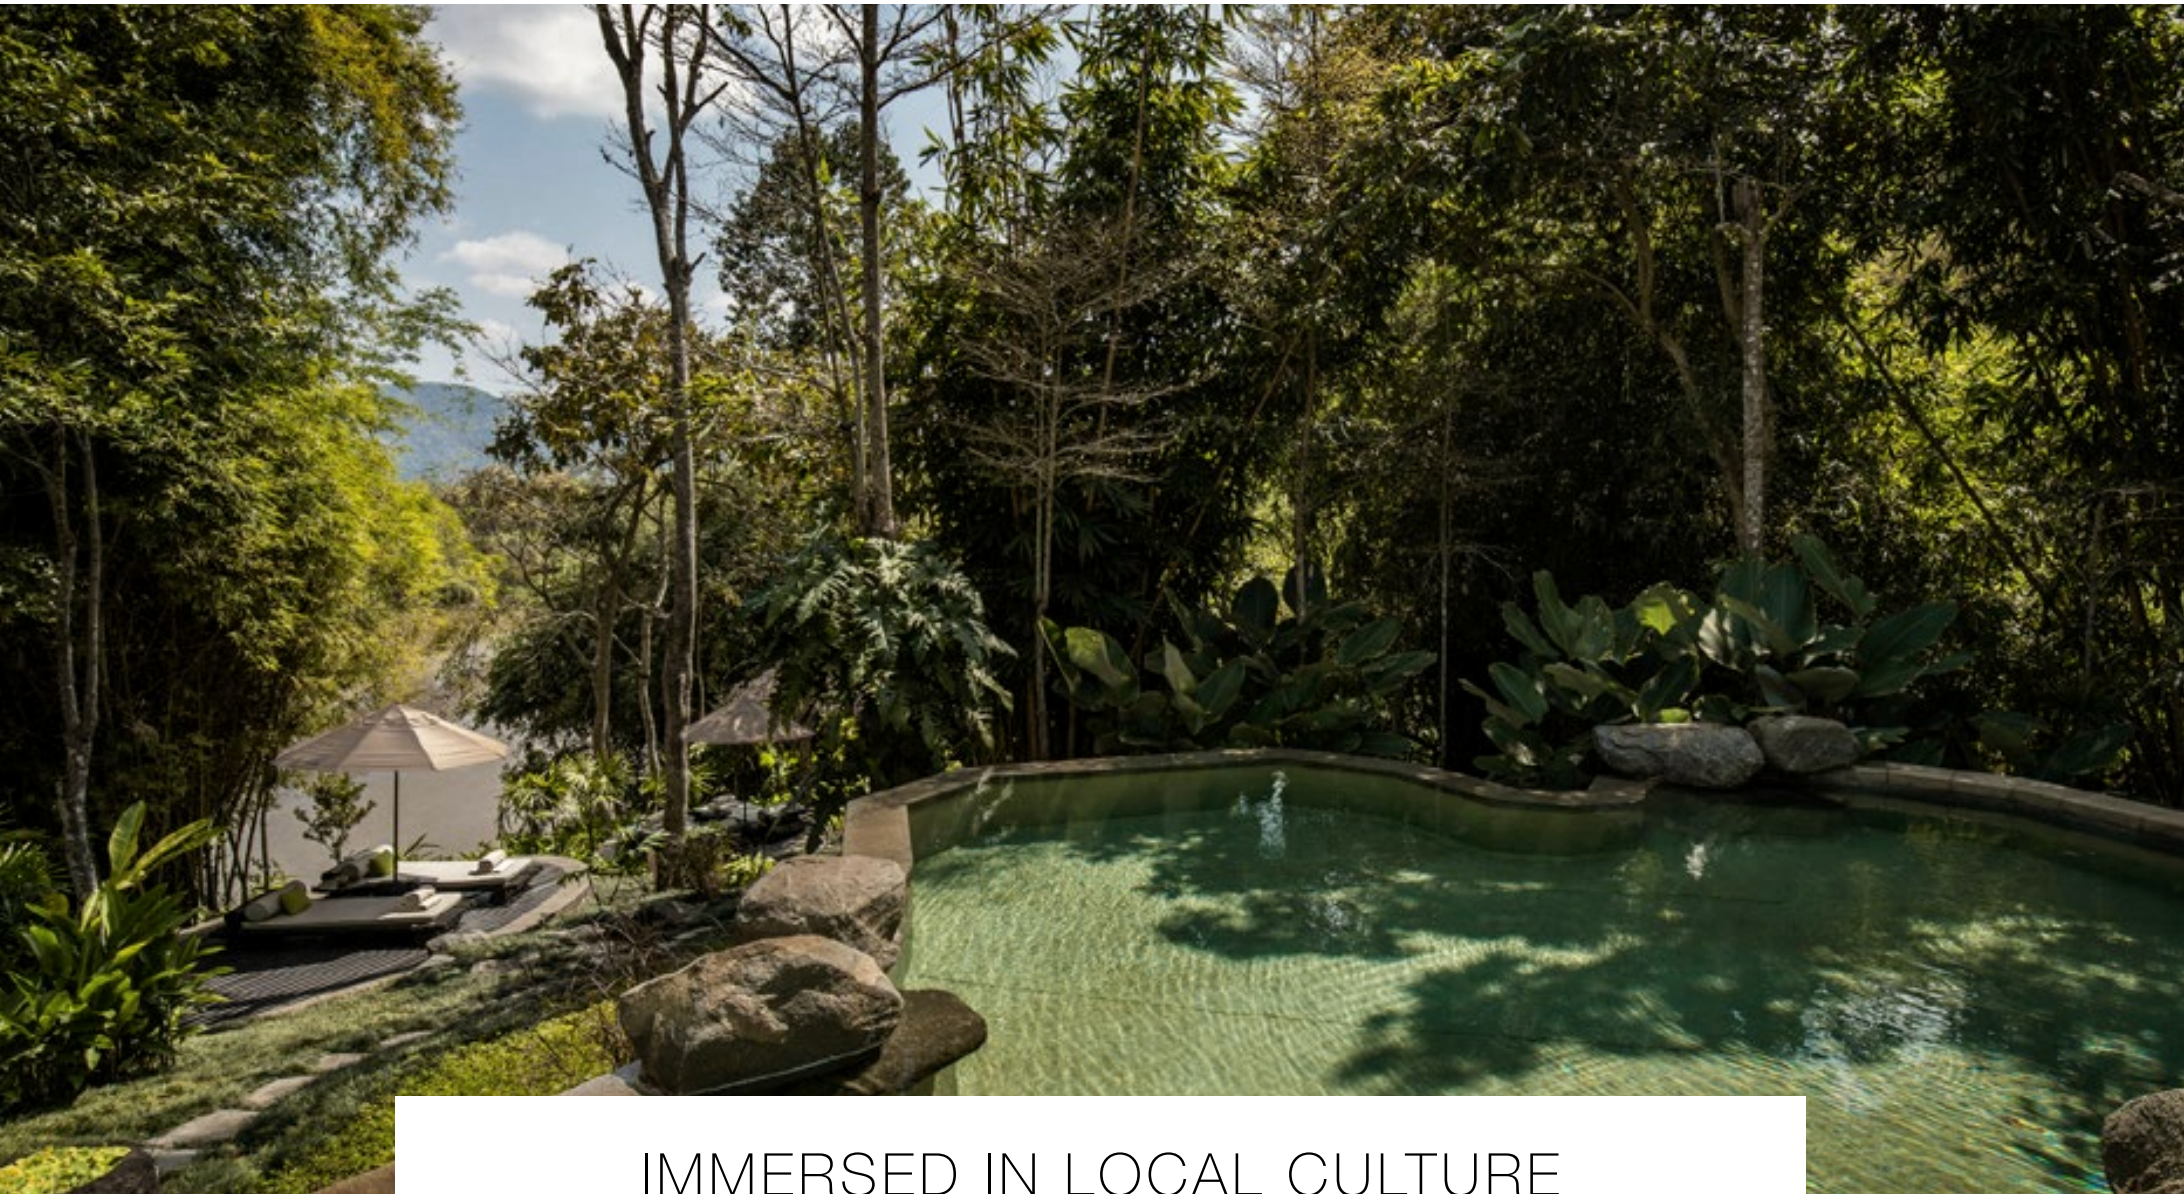

## BONDING WITH ELEPHANTS

---

Elephants play an important role in the Tented Camp – starting early in the morning, when our family of Asian elephants comes for breakfast, and you can feed them bananas and sugar cane. During the day, learn to be a mahout and ride an elephant on a jungle trek for an unforgettable journey. The elephants' welfare is our primary concern. They live in nature outdoors in the fields, and we have a complete medical team to care for them. Four Seasons works closely with the Golden Triangle Asian Elephant Foundation, which rescues abused elephants, and we actively support elephant conservation efforts.

Connect with the history and culture of this exotic world with a realm of possible activities. Take a guided excursion to explore colourful local markets and temples, or trek through the jungle to visit a nearby hill tribe. Enjoy cooking classes or day trips to Myanmar. Then absorb the tropical tranquillity with a dip in the pool or an open-air massage among the treetops. Caring Four Seasons staff craft a perfectly personalised Golden Triangle experience.
