BODY PILLOW

This long and narrow pillow is designed to be cradled between your legs for side sleepers. It is ideal for spinal alignment and during pregnancy.

HORSE-HAIR PILLOW

Filled with horsehair fibers, this pillow is natural and non-allergenic. It excels as a moisture regulator, offering a warm but dry environment to keep your head cool.

BUCKWHEAT PILLOW

This traditional Japanese pillow, filled with hulls that encase buckwheat seeds, is designed to provide a feel that is both sturdy and moldable. Its temperature-regulating properties keep you comfortable throughout the night.

HARD PILLOW

Made of latex, this firm pillow is typically recommended for side or back sleepers, as it maintains the head and neck in alignment with the spine.

LATEX PILLOW

This latex pillow is antimicrobial; its density and open cell structure provide support in any position.

ORTHOPEDIC PILLOW

Designed to cradle the head and align the neck and back while you sleep, this memory foam pillow relieves unnecessary stress and pressure on the body.

BAMBOO PILLOW

The fine bamboo yarns are naturally breathable and hypoallergenic. Its special fabric helps regulate body temperature, keeping you comfortable while you sleep.

HYPOALLERGENIC PILLOW

Breathable and made of 100% hypoallergenic polyester fibers, this pillow is an ideal solution for those who suffer from allergies.
