King’s Pond is connected to the ocean through the groundwater table, and is a blend of sea and fresh water, without currents, waves or non-friendly fish. Guests can explore at their own comfort level, anywhere from 10-feet deep to the floor of King’s Pond, taking in an incredible perspective, while effortlessly breathing underwater without having to bother with bulky diving gear. This 20 to 30 minute guided experience is preceded by a short introduction to SNUBA, and is available to guests eight years and older.
