

Dear guests,

We are delighted to be able to offer a new VIP Airport Service at Prague International Airport.

On arrival, you and your guests will be met at the plane by an Airport Representative and escorted to a private salon where you can relax and have a drink after the flight. Passport control and customs will be taken care of for you and your luggage will be loaded into the waiting limousine for your transfer to the hotel.

While you will arrive to the hotel we will extend a curbside check-in by the hotel Receptionist who will be expecting you and will escort you immediately to your room or suite. Should the room not be ready, we would be happy to store your luggage and you are more than welcome to use our Health Club in order to relax.
