Our expert aestheticians will customize product selections based on skin's current needs utilizing herbal enzyme peels and creating a luxurious treatment to either smooth & firm, brighten & revitalize or clarify & rebalance.

## **SECOND YOUTH** 80min

Defy age by instantly smoothing wrinkles while tightening the skin. After a complexion smoothing, deep exfoliation, heated massage tools are used to perform a unique facial massage. A melted wax mask, as warm as the serene desert, is painted over the skin to seal in all youthful benefits. This facial also includes a plumping lip treatment.

## **CLIMATE QUENCH** 50min | 80min

All skin types benefit from a hydration boost, especially in our arid climate. After a thorough cleansing and exfoliation process smoothes the skin to renewal, a rubberized mask is applied to absorb impurities and prepare the skin for a deep pore extraction. Serums and a final creamy mask leave parched skin with hydration for a bright, energized complexion.

## URBAN LIFE

A final layered desert clay mask simultaneously plumps the skin while detoxifying and protecting for a renewed, glowing complexion.

Experience dramatic results with this certified organic facial. The session begins with an exfoliation to sweep away dead surface cells and impurities, followed by a layer of our Plant Stem Cell Booster Serum, which is clinically proven to improve the appearance of fine lines and wrinkles and promote radiance, smoothness and firmness.
